

## PRESS RELEASE

HEBRON: November 28, 2012. Newfound Pathways announces that it has organized under RSA 292 as a New Hampshire non-profit corporation. Newfound Pathways will be raising funds to complete its mission, start a membership drive to enlist members who share the goals as Newfound Pathways, and Newfound Pathways can accept tax deductible donations as a means to build a pedestrian pathway around Newfound Lake and pathways in adjacent communities.

Newfound Pathways was formed in mid 2008 and has the stated mission to create a system of biking and walking pathways around Newfound Lake to encourage walking and cycling as a safe, healthy, and environmentally sound means of recreation and travel. The Newfound Lake area lacks a system of pedestrian/bicycle pathways that link the entire community by a non-motorized means of transportation. The intended pathway will promote a cleaner and quieter environment, support local commerce, highlight the historical and recreational heritage of Newfound Lake, and improve the overall health of the residents of the community.

- Newfound Pathways encourages anyone who would like to participate in this project to contact them at [info@NewfoundPathway.org](mailto:info@NewfoundPathway.org) or write to us at: Newfound Pathways, PO Box 112, Hebron, NH 03241. Or you can call 603-744-1048 or Fax 603-369-6501. The Committee website is : <http://www.newfoundpathway.org>
