We will clear and smooth our new trail that runs parallel to Route 3 A, just north of Camp Pasquaney.

ROAD SAFETY REPORT

Nine Signs are made and will be installed in a couple of weeks. One has been installed near the Basic Ingredients and keep your eyes open for more.

Helping to make our roads safer is a goal of the Newfound Pathways, with future plans to create sections of well-marked walking and biking lanes on roads, and build trails off road in dangerous sections. This summer Newfound Pathways has partnered with DOT to install signage and highway painting for the existing roads.

Newfound Pathways is now a 501 c (3) Non Profit and has kicked off a Membership Drive and invites everyone to become a member. Please check out the web site at NewfoundPathway.org

EASEMENTS AND RIGHT OF WAYS

Doug and Doris Riddle were the first to commit to using a portion of their land for a pathway off road along the beaver pond for our pathway. Then we built a new walking trail on the Audubon Paradise Point property so people could walk off road on that hill.

We now have extended the Audubon Paradise Pathway along North Shore road along the McLane Family's property. More work needs to be done but we are growing.

We have a Right of Way agreement with the McLane Property on 3 A and that trail will be started soon.

Please consider working with us for a right of way on your property if you own along the road or in a place that you feel that a trail would benefit our mission. We are encouraging everyone to consider giving permission to build a trail with their approval on their property. Be creative and help us design this path. See following form

Books to Benefit Newfound Pathways

A History of Newfound Lake by Ronald Collins. Newfound Lake has an interesting human history. This book gives a look at tens of thousands of years of lake history, and about ten thousand years of human history associated with the lake. This is not a history of the towns surrounding the lake. You can buy this book through Newfound Pathways for \$25.00 by emailing info@NewfoundPathway.org and we will invoice you via PayPal. A portion of each sale goes to Newfound Pathways.

Pay \$30.00 and get a book and an individual membership if you are not already a member.

The Newfound Play List: Bike, Hike, Kayak, and Walk around Newfound Lake, New Hampshire by Nancy Lincoln.

Whether you are fairly new to the Newfound area or born and raised here, you know this region is a great place for outdoor fun in any season. Even if you've hiked every trail between Inspiration Point and Cardigan Mountain, there are probably trails to hike and places to bike that you have yet to explore.

Newfound resident Nancy Lincoln is the author of the book "The Newfound Play List: Bike, Hike, Kayak, and Walk around Newfound Lake, New Hampshire". This book must be purchased through Amazon and a portion of each sale goes to the Newfound Pathways.
